7 **Description:** As of 2022, cash was the main payment method used in online retail in Morocco, Kenya, and Egypt, accounting for 58 percent, 35 percent, and 31 percent of the total, respectively. On the other hand, cash was not that prevalent in South Africa, where 43 percent of e-commerce payments occurred by card, and 22 percent by bank transfer. In Nigeria, most digital buyers used card-based payments (36 percent) and bank transfers (29 percent). [Read more](#)
